The storm-tossed disciples on the sea at night is an example of the struggles of the Lord in the darkness of the present age as they are tossed by the tempests of the evil one.

1. The Disciples on the Storm-tossed Sea (vv. 22-26).

1. They were sent across the sea by Jesus (v. 22). Doubtless his reason for this was to keep them from coming to him in the storm.

2. The Companion Home Calender for 1920.

Health About Gone

Many thousands of women suffering from various troubles have been benefited by the use of Castoria.

As soon as Peter recognized the voice of Jesus he cried, "Did me come to thee on the water?"

"Come," Peter obeyed and for a time he walked upon the waves without sinking.

His simple faith linked him with divine power and he was upheld; but as soon as he took his eyes off his Lord and considered the raging sea he began to sink.

When Peter began to sink, he did the sensible thing; he cried to the Lord for help. Jesus reached forth his hand and saved him.

He has never lost one who has entered the ship of his hand.

People worship him as the Son of God. No ship can go down with Jesus on board.

TAKE CARDUI

The Woman's Tonic

She writes further: "I am in splendid health... I can do my work. I feel I owe it to myself, for I was in dreadful condition."

If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui.

Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine.

Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

PRINCE ALBERT

ROLLING your own cigarettes with Prince Albert is just as joyous a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a man's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to tug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-my, what a wad of smokeport will ripple your way every time you fill up!

THE TIMES-VIRGINIAN

APPOMATTOX, VIRGINIA, NOVEMBER 5, 1919.

Spout Spring

Mr. Legislator, I'm glad to know whom you are and to really be informed. Seems strange you have been elected to two terms and waited for an extra session to try and help out these poor school teachers—an average of \$427.44.

How many receive barely half that amount? Board \$25; laundry \$3 extra; have to be clothed, and attend the Summer Normal. Where do they find themselves when the Normal is finished? We know Appomattox High School teachers are well paid and some few in the graded schools; but what about our one-room schools up here in the "stick?"

There are a number of fine boys right around us whose parents are not able to pay the enormous board at Appomattox who have finished the 7th grade and will have to stop there. Why is it these schools are not allowed to teach the higher grades, as they used to? Young men need to be able to go from them and enter most any capacity in the business line. If our one room schools had been left up with the branch of studies they carried and the teachers decently paid, how much better could the pupil get on, rather than be crowded as they are at the Appomattox High School now?

Five of our best young girls who hold professional certificates left our neighborhood to teach elsewhere; when asked why, they said they were so much better paid Spout Spring graded school had only one teacher at last report. How many teachers have been appointed to that school and after coming and finding out they had to pay \$25 board, had to give it up? Now why? The community is teeming with young pupils badly in need of schooling. I was informed compulsory education was enforced in Appomattox; can you give me any information on that line? If so, please do I know of a number of children kept from school. I have been so often informed, when so anxiously wishing the teachers of our community would stay and teach among us, that they were the worst paid in the State. I believed it and am no better satisfied by your correction. An average doesn't tell you that a few teachers get prize salaries, while others don't receive enough to pay board. If the pay was more uniform there wouldn't be so many school doors closed at present.

It is nothing short of a shame for men to be talking of who will fill Senator Martin's place when he dies. Senator Martin is a useful man and I hope he may live to serve his constituents.

The sand clay road between here and Dillwyn is a real need of repair.

A young colored man named James Wilson died at his mother's home near here the past week; cause of death said to be cancer of the stomach.

Five loads of cattle about two years old sold at Alex's sale for \$81.

Good milk cows are in demand at from \$75 to \$100. Flour at the local mills is selling for \$12.50.

Merchants are still having trouble in getting sugar. Dr. Anderson of Appomattox, Va., is a useful man and I hope he may live to serve his constituents.
